

AMELIA A. MCNAMARA

OSS 407 • University of St. Thomas • St. Paul, MN 55105
amelia.mcnamara@stthomas.edu • www.amelia.mn • @AmeliaMN

RESEARCH INTERESTS

Statistical computing, statistics education, data science education, data visualization, reproducible research, spatial statistics.

EDUCATION

Ph.D., Statistics 2015
University of California - Los Angeles Los Angeles, CA
Dissertation: Bridging the Gap Between Tools for Learning and for Doing Statistics
Committee: Robert Gould and Fredrick Paik Schoenberg (co-chairs, statistics), Mark Handcock (statistics), Todd Millstein (computer science), Alan Kay (computer science).
B.A., Mathematics and English 2010
Macalester College St. Paul, MN

ACADEMIC APPOINTMENTS

Associate Professor 2023-present
Assistant Professor 2018-2023
University of St. Thomas Department of Computer & Information Sciences St. Paul, MN
Visiting Assistant Professor 2015-2018
Smith College Program in Statistical and Data Science Northampton, MA
MassMutual Faculty Fellow

CERTIFICATIONS

RStudio Certified Trainer RStudio September 2019
Tidyverse instructor certified.
Carpentries Certified Instructor The Carpentries September 2019
Certified to teach Software Carpentry, Library Carpentry, and Data Carpentry.

AWARDS

Accessibility Award , University of St. Thomas Disability Resources Office	2022
Waller Education Award , American Statistical Association	2021
Merit Pin , University of St. Thomas Public Safety Department	2020
Teaching Integrity in Empirical Research Faculty Fellow , Haverford College	2015-2016
Collegium of University Teaching Fellows , University of California, Los Angeles	2014-2015
Dissertation Year Fellowship , University of California, Los Angeles	2014-2015
Graduate Research Fellowship Program Honorable Mention , NSF	2012
Chancellor's Prize Summer Fellowship , University of California, Los Angeles	2011-2012
Konhauser Prize for Mathematical Achievement , Macalester College	2010

RESEARCH AND CONSULTING

NSF ITEST - Collaborative Research Grant	2021-2025
---	-----------

Data science consultant

PIs at the University of Nevada, St. Louis University, and the University of Maine received an NSF grant entitled “Collaborative Research: Creating and testing data science learning tools for secondary students with disabilities.” They have taken on several advisors and consultants, including myself. My contribution involves reviewing new tooling for statistical accuracy and pedagogical relevance, as well as developing data science curriculum.

Coding Conventions Research Group	2021-present
--	--------------

Group member

A group of researchers from the University of Minnesota, University of St. Thomas, and Penn State University have begun collaborating on research related to R coding conventions in introductory statistics and data science courses. The group presented at USCOTS and JSM in summer 2021, and working on a paper. Other than myself, the group consists of Chelsey Legacy, Vimal Rao, Elle Basner Butler, Bob delMas, Andrew Zieffler, and Matthew Beckman.

“That seems okay to me” Research Group	2019-present
---	--------------

Group member

A group of researchers from Metabase, Cal Poly SLO, University of St. Thomas, and Carnegie Mellon University are studying the ways experts and novices read and criticize data analysis. We received IRB approval through Cal Poly to perform user interviews, which have been coded by an undergraduate research assistant. We are in progress on writing a paper for the International Conference on Teaching Statistics. Other than myself, the group consists of Amal Abdel-Ghani, Kelly Bodwin, Philipp Burckhardt, Ian Flores Siaca, Rebecca Nugent, Allison Theobald, and Greg Wilson.

The Concord Consortium , Emeryville, CA	September 2016-March 2017
--	---------------------------

Consultant

Worked with William Finzer and the Common Online Data Analysis Platform (CODAP) on integrating ‘Data Science Moves’ into CODAP.

Viewpoints Research Institute , Los Angeles, CA	September 2016-January 2017
--	-----------------------------

Consultant

Continued collaboration with Aran Lunzer to develop interactive essays related to the impacts of data aggregation in 1- and 2-D.

Viewpoints Research Institute, Los Angeles, CA

2013-2015

Graduate Intern

The Viewpoints Research Group is a research group with a variety of interests including the future of programming, internet-scale computing, and programming language design. I collaborated with other researchers on projects to improve statistical computing tools for novices (those with no statistics or programming experience). Examples include **LivelyR** with Aran Lunzer and **locatr** with Ted Kaehler. Director: Alan Kay.

Mobilize Project, Los Angeles, CA

2011-2014

Graduate Student Researcher

The Mobilize project brings data analysis and statistics to life by allowing high school students to collect information about the world around them using mobile phones, then analyze the data and do something with it. As a graduate student researcher, I developed curriculum to be deployed in LAUSD public high schools, including the innovative Introduction to Data Science course. Over hundreds of hours of professional development, I trained teachers on basic statistical concepts, use of inquiry in teaching, and basic statistical software. Principal Investigator: Rob Gould.

SERVICE TO DEPARTMENT AND INSTITUTION

Tenure Track Data Science Hiring Committee Search chair	Fall 2023
<ul style="list-style-type: none"> · Search chair for tenure track data science position hiring committee. · With committee, developed job ad with an eye toward broadening our pool. · Sent recruiting emails to approximately 40 potential candidates. · Developed rubrics for evaluation of candidates, reviewed materials of candidates who applied, selected candidates for Zoom interviews and then on-campus interviews. · Scheduled and coordinated Zoom and on-campus interviews. · Led departmental discussion on candidates. 	
R Faculty Learning Community Faculty leader	2021-present
<ul style="list-style-type: none"> · Fall 2021 semester group met bi-weekly on Zoom. 	

- Fall 2022 semester group met weekly on Zoom.
- Spring 2024 semester group met weekly in person.
- Leader of a semester-long faculty learning community, which met weekly. Each semester has a slightly different focus, but the overall goal is to build the community of users and teachers of the programming language R on the St. Thomas campus.
- Faculty participants have come from the Dougherty Family College, the Opus College of Business, the School of Engineering, the School of Social Work, and the College of Arts and Sciences.

Statistics and Actuarial Science Club (STAC) 2022-present
Faculty advisor

- As faculty advisor to the STAC club I provide support and feedback to the club leadership.

University of St. Thomas HR Roadmap Steering Committee 2022
Committee Member

- Faculty representative to steering committee.

College of Arts and Sciences DEI Taskforce 2020-2021
Committee Member

- Also a member of the HEDS data sub-committee.

University of St. Thomas Data Analytics Faculty Board 2020-2022
Committee Member

- This two year term ends May 2022.

University of St. Thomas Technology Advisory Committee (UTAC) 2019-2027
Co-chair

- First four-year appointment began Fall 2019 and ended 2023.
- Reappointed for another four-year appointment, which began Fall 2023 and will end 2027.
- Faculty co-chair of the committee for the 2020-2021 and 2021-2022 school years.
- Member of the Information Security Consulting Group (ISCG), a sub-committee of UTAC, for the 2022-2023 school year.
- Member of the Electronic IT & Digital Accessibility subgroup of UTAC for the 2023-2024 school year.

University of St. Thomas HHMI Inclusive Excellence Grant 2019-present
Inclusive Excellence Advisor, CISC representative

- Participated in Inclusive Excellence Training, and serve as an Inclusive Excellence Advisor for incoming first-year students.
- As a CISC representative, represent the Computer & Information Science Department's interests and serve as a reporter between the grant and department.
- Attend yearly HHMI Inclusive Excellence conferences as a participant.

University of St. Thomas Statistics Program Committee 2018-present
Member

- Assisted in the development of new curriculum for the statistics program, including changes to the statistics major and minor, the development and proposal of new upper-level courses, and discussion of statistics-related courses in other disciplines.

Smith College Statistical and Data Sciences Program Committee 2015-2018
Faculty member

- Assisted in developing the major in Statistical and Data Sciences (approved April 2016).

- Voted on departmental policy about honors theses, special studies, course waivers, and the like.
- Organized invited talk by Amanda Cox (long time member of the graphics team at The New York Times, now editor of The Upshot), attended by almost 200 people from the college and community.
- Organized invited talk by Christine Zhang '09 (alumna and recipient of 2016 Mozilla Open News Fellowship, data journalist at the LA Times), attended by approximately 100 people.
- Managing Twitter presence @SmithCollegeSDS.

Five College DataFest

2015-2018

Co-organizer with Ben Baumer

- Planned and executed the 2016 and 2017 FiveCollege DataFests
- DataFest is a weekend-long data hackathon event for more than 100 undergraduate students from Smith, Mt Holyoke, Hampshire, Amherst, and UMass Amherst.
- Managed social media, including Wordpress website and Twitter presence @FiveCollegeStat.
- Recruited data science experts to serve as VIP visitors and judges.
- Solicited donations from corporations like Google and RStudio.
- Coordinated prizes and swag for students.

University of California, Los Angeles DataFest

2011-2015

Planning Member

- As a graduate student, assisted in planning and executing the 2012, 2013, 2014, and 2015 UCLA DataFests for undergraduates, attended by 100-200 undergraduate students from UCLA, the University of Southern California, Pomona College, California Polytechnic State University San Luis Obispo, and the University of California, Riverside.
- Managed Twitter presence @UCLADataFest.
- Served as on-the-ground-advisor for students at the event, discussing ideas and coding issues.
- Assisted in coordinating donations and swag from corporations like GitHub, Google, Revolution Analytics, and RStudio.

UCLA Graduate Student Orientation Planning Committee

2012-2013

Tour Coordinator

- Helped plan and execute the 2012 and 2013 UCLA grad student orientations, attended by 1,000+ incoming graduate students each year.
- Discussed general orientation issues, such as panel topics and logistical concerns.
- Organized and trained 15 volunteer tour guides to lead tours campus.
- Prepared tour materials and checked routes for North Campus, South Campus, and General tours.
- On the day of orientation, coordinated hourly tours and assigned tour guides to routes.

UC Day in DC

May 2013

University of California, Los Angeles Delegate

- Represented UCLA and graduate student interests at the University of California's annual federal advocacy day in Washington, DC.
- Met with congressmembers and their staff to discuss Federal funding for programs impacting graduate students.

UCLA Graduate Resource Center Oversight Committee

2011-2012

Voting Member

- Assisted in developing a new strategic plan for UCLA's graduate resource center.

SERVICE TO PROFESSION

- Twin Cities StatChat** 2023-
Planning committee member
- With committee, develop schedule and speakers for periodic local meetups of statistics educators in the Twin Cities
 - All events in the 2023-2024 academic year hosted at St. Thomas
- Journal of Visualization and Interaction (JoVI)** 2023-
Advisory Board Member
- Assist with development of long-range journal vision.
- NAS-NSF Tools & Transfer Working Group** 2023
Working group member
- The National Academies of Sciences and the National Science Foundation, along with Data Science 4 Everyone, the Concord Consortium and the Valhalla Foundation, have developed a series of Research-Practice Working Groups.
 - The Tools & Transfer working group is tasked with considering the issues of technology tools for K-12 data science, as well as transfer within/between tools.
 - Over a series of four working group meetings, the group developed a report draft.
- American Statistical Association Council of Sections** 2023-2025
Representative for the Section on Statistics and Data Science Education
- Elected representative for the Section on Statistics and Data Science Education (SSDSE).
 - Attend council of sections meetings, representing SSDSE.
- Journal of Statistics and Data Science Education (JSDSE)** 2022-present
Associate editor
- Associate editor added to build data science education expertise at the journal.
- Foundations of Data Science (FoDS) journal** 2021
Guest editor
- Guest editor for special issue “Data Science Education Research.”
 - Worked with other guest editors to develop solicitation.
 - Publicized solicitation and sought submissions.
 - Assessed proposed submissions.
- Dagstuhl Seminar: Transparent Quantitative Research as a User Interface Problem** 2022
Member of organizing committee
- Over the course of two years, iteratively wrote and submitted two proposals for a Dagstuhl seminar. Second proposal was accepted.
 - Seminar will take place September 25-30, 2022, in Wadern, Germany.
 - Co-organizers: Chat Wacharamanatham, Judy Robertson, Yvonne Jansen, Kasper Hornbæk.
- Joint Statistical Meetings Program Committee** 2019-2020
Section on Statistics and Data Science Education Chair
- As section chair-elect, organized roundtables and Birds of a Feather sessions for the Section on Statistics and Data Science Education for JSM 2019.
 - Served as proxy for current section chair at March 2019 JSM organizing meeting in Alexandria, VA.
 - As section chair, organized invited sessions, contributed sessions, and poster sessions for the Section on Statistics and Data Science Education for JSM 2020.

- As section chair, reorganized invited sessions, contributed sessions, and poster sessions for the Section on Statistics and Data Science Education for the online version of JSM 2020 when covid-19 forced a pivot.

Statistics and Data Science Symposium Program Committee 2018-2019

Visualization co-chair, with Silas Bergan

- As co-chair, helped organize invited sessions on visualization for SDSS.
- As co-chair, organized and scheduled contributed sessions on visualization for SDSS.

Women in Statistics and Data Science Conference (WSDS) San Diego, CA 2017

Panel chair

- WSDS R-Ladies Panel: Improving Gender Diversity in a Male-Dominated Community.

Joint Statistical Meetings Chicago, IL 2016

Session Chair

- Toward Better Communication of Information with Statistical Graphics – Contributed Papers.
- Reproducibility in Statistics and Data Science – Invited Papers (substitute chair).

Los Angeles useR! Conference Organizing Committee 2013-2014

Planning Member

- Assisted in planning and executing the 2014 international R user conference (700 attendees).
- Recruited and coordinated 80 student volunteers.
- Assisted with conference website before, during, and after the conference.
- Promoted conference on social media, encouraged minority participation.
- Supervised on-the-ground conference logistics, including registration, catering, and facilities services.

Southern California AP Statistics Poster Competition 2014

Judge

- Judged entries to the 2014 Southern California AP Statistics Poster Competition.

Ad-hoc referee 2014-present

Journals:

- The American Statistician (TAS)
- Computer Science Education (CSE)
- Harvard Data Science Review (HDSR)
- Journal of Statistical Software (JSS)
- Journal of Statistics and Data Science Education (JSDSE)
- PLOS Biology
- Statistics Education Research Journal (SERJ)
- Statistics and Public Policy (SPP)
- Technology Innovations in Statistics Education (TISE)
- Transactions on Computing Education (TOCE)

Ad-hoc referee 2017-present

Conferences:

- ACM Interaction Design and Children Conference (IDC)
- Conference on Human Factors in Computing Systems (CHI)
- Institute of Electrical and Electronics Engineers Vis Conference (IEEE VIS)
- International Conference on Teaching Statistics (ICOTS)
